

RAINEY SCORES SUPREME COURT

Election of Democratic President Will Change Policy of Tribunal, He Says.

The United States Supreme Court was scored last night by Representative Henry T. Rainey, in an address before the District of Columbia Democratic Association. The attitude of this court on vital questions was criticized by Mr. Rainey, and he said that the one issue which overshadowed all others in the coming campaign is the Supreme Court. "You elect as President of the United States," said Mr. Rainey, "a man who is in favor of compelling the rich to pay their fair share of the expense of conducting this Government, and you will see some changes in the policy of the Supreme Court. During the next four years there will be three or four—three at least—vacancies on the Supreme Bench of the United States.

"You elect to the Presidency of the United States the man you stand for in this club, and those vacancies on the Supreme Bench will be filled by Democrats who belong to his school."

Mr. Rainey then declared that he was in favor of having the District of Columbia represented at the Capitol. He said:

"For a long time I have watched the bungling methods of administering the affairs of this District from the council chamber on the Hill; and so far as I am concerned, I would like to see somebody of the District representing the people who live here, in democratic manner, in the councils of the nation. I believe it would be democratic to do it."

"But here you can start rolling the enthusiasm that will get bigger and bigger as it goes out over the States, until when it reaches the State of the Middle West it will be almost irresistible."

J. S. WEST PROMOTED.

M. O. Chance, auditor for the Post-office Department, has promoted J. S. West from private secretary to the auditor to assistant chief clerk. Mr. West was appointed in the office of the Auditor for the Postoffice Department, July 1, 1906. L. J. Johnston has been appointed to succeed Mr. West as private secretary. TO PROBE CHARGE AGAINST ASHFORD

Commissioners Will Give Public Hearing to Gibbs Complaint.

The Commissioners, Commissioner Morrow dissenting, have decided to make formal investigation of the charges preferred by E. F. Gibbs, president of the Gibbs Fire-Escape Company, against Snowden Ashford, Building Inspector of the District.

Some time ago Mr. Gibbs charged that the Building Inspector had used his official position to further a fire-escape of his own invention. As evidence he produced a copy of a letter alleged to have been written by Mr. Ashford to Rittenhouse Bros., of Baltimore, in which it was suggested that the Baltimore firm communicate with a former employee of the Building Inspector's office, with regard to placing fire-escapes. The charges were dismissed after an informal investigation by the Commissioners, but at the same time the Building Inspector was directed to dispose of his interests in the fire-escape business. Commissioner Morrow is of the opinion that the action already taken by the Commissioners is sufficient. Commissioners Macfarland and West believe, however, that a public and formal investigation should be made.
